

Dear Adoptive Applicants;

In order to be in compliance with The Hague Convention requirements, Cradle of Love is asking that all international adoptive applicants complete a parenting course. This course will help you to explore your attitudes and knowledge regarding cross cultural adoption.

We are suggesting the "With Eyes Wide Open" online course. This can be found at

www.childhomeadopt.org

This information can also be gotten at 1-800-952-9302.

When you have completed the course, please review what you have learned with us. Once the course has been completed they will issue a certificate. This is the proof you have completed the necessary 10 hours.
